DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Wakabayashi. Wakabayashi teaches an optical unit of a collapsible type including a fixed barrel 57 at least one lens barrel movable along the optical axis and a lens and an optical filter 80 movable to escape off the optical axis figs 3, 4 when said lens barrel is collapsed. Regarding claim 4, the soft focus feature may be considered a low pass.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
